NEXT STEPS

Following the tryouts, parents will receive a letter from Next 11 Academy, either offering their child a spot on one of our teams or informing them that their child did not make a team. To secure their child's spot, parents will have 72 hours to accept the offer. It is crucial for us to know who is committed, as this will determine the number of players needed for a potential second tryout in July. Additionally, parents will be required to create an account for their child in our management system and make an initial deposit. During this process, payment plans can be set up as well. If you have any questions after the tryouts, we strongly encourage you to reach out to us through the "Contact Us" page on our website. We sincerely hope that you consider joining our project from its very foundation and become a part of our exciting journey.
